DIVISION OF CENTRAL SERVICES

September 25, 2000

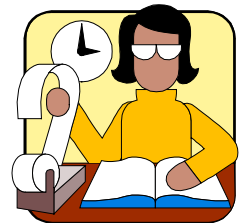

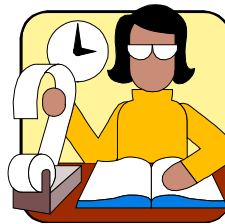

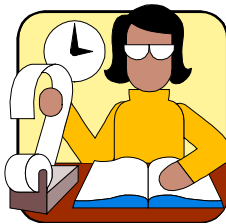

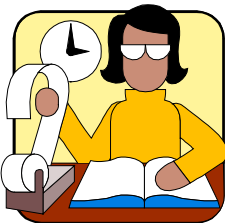

gregory.kirchhof@state.co.us

WE, TOO, ARE ROLLING BACK PRICES! That's right, we've lowered our collection fee from eighteen percent (18%) to fifteen percent (15%)! We still need to get Judicial and DOLE on board. For purposes of calculating our fee, add 15%. This will give you a good approximation of what we will forward to you after we collect interest and our fee.

PLEASE CHECK THOSE D.O.B.'S ! Unfortunately, we cannot collect from minors unless they are emancipated (i.e. living on their own, earning their own living, etc.). These are usually students or minors who have received medical or dental treatments. Please let us know who the responsible adult is in their life so we can make an effort to recover your money.

A VERY SPECIAL WELCOME TO...Lynn Kirk! She is the new contract manager for the Division of Central Services. She replaces Kirstie Nixon, who went over to CITS. We will be working together closely as we bring new agencies into our little collection coalition.
